THE PEOPLE BEHIND WD

Meet Ben & Joe

A personal approach to every event.

BEN & JOE / WD ENTERTAINMENT

We are Ben and Joe, the married couple behind WD Entertainment.

Ben has managed hotels, so he understands what venue teams need: clear communication, thoughtful planning and a smooth setup.

Joe was a professional wedding singer, so he knows how much those special moments mean. He's since hung up the sequinned shirt and moved into event planning, bringing years of customer service experience and a knack for making people feel welcome and celebrated.

Together, we work closely with venues and fellow suppliers to make every celebration feel personal and well looked after.

LOCAL PARTNERSHIPS MATTER TO US
